

Manual Transmission F23

General

The Speedster/VX 220 is equipped with the F23 manual transmission, familiar from the Astra–G, Vectra–B and Zafira. The F23 has features as follows:

- High transmittable torque.
- Synchronisers on all five forward gears and reverse gear.
- Molybdenum coated synchroniser rings.
- Two–piece housing.

• Service

The transmission is lubricated for life.
