

Abbreviations – Engine Designation, Z 22 SE

For engine identification, up to five design characteristics are used, which are explained by the following.

Petrol engine Z 22 SE	Explanation
Z Exhaust emissions level	Exhaust emissions level
22 Engine size	X 98/69/EG, Euro 4, grade B
S Compression ratio	
E Mixture system	Engine size Capacity litre x 0.1
	Compression ratio S : > 9,5 - 10,0
	Mixture system E Injection
