

**3D Harness Diagram Speedster/VX220, model year 2003**

P48361

**Components**

|     |                                             |     |                                            |
|-----|---------------------------------------------|-----|--------------------------------------------|
| B13 | Sensor - Temperature, intake air            | Y4  | Solenoid valve - Exhaust gas recirculation |
| B21 | Sensor - Absolute pressure, intake manifold | Y29 | Throttle valve - Positioner                |
| T1  | Ignition coil - Direct ignition             |     |                                            |
